

NovaLife[®] Gloss Art Paper 200 DS (LGAP 200)

Gloss Art Paper for Photo and Commercial Digital Printing

Description & Application

NovaLife Gloss Art Paper 200 DS (LGAP 200)) is double-side coated, gloss surface, for electrophotography printing. Ideally suited for Photo Books, Posters, Brochures, Catalogues, Leaflets, Flyers, Inserts, Book covers.

Features & Benefits

- High gloss white surface provides wide colour gamut and deep rich colours
- Smooth paper surface for impeccable finish
- High sheet strength to withstand repeated folding
- Well-formed sheets for blemish-free prints

Specifications

- Base : Coated Paper
- Weight (Grammage) : 200 ± 6 gsm
- Surface Finish : White Gloss
- Opacity : 97% ± 3%
- Sizes Available (in mm) : 483 x 330
- Printability : Electrophotography (Liquid and Dry toner ink compatible)

Printer Compatibility

- HP Indigo
- Konica Minolta
- Xerox
- Ricoh
- Canon

Usage Instructions

- Kindly refer to the digital press user guide for instructions on appropriate printer settings
- We recommend thorough testing of the substrate for intended application prior to use
- For best output & media setting, please consult the service engineer of the digital press
- Please ensure the sheets are acclimatised to the printing environment for 24 hours before use
- To facilitate jam-free feeding, please fan the required number of sheets properly before printing
- Best print results can be obtained at 20-25 °C, 55% ± 10% relative humidity (RH)
- The durability of the printed images will depend on the fading characteristics of the toner used. Please consult with digital press manufacturer for technical advice

Storage, Handling & Packaging

- Storage & Handling : Hold media by the edges to avoid kink marks. Fingerprints will affect the quality of the image. A fresh pair of cotton gloves should be used while handling unprinted media to avoid sweat, grease and oil transfer on to the media that could affect the print quality. When not in use, store the media in cool, dry place [20-25 °C, 55% ± 10% RH] away from direct sunlight in its original packing. Keep media in flat position to avoid curling.
- Shelf-life : One year from the date of packing when stored in original packing at 20-25 °C and 55% ± 10% relative humidity (RH)
- Pack Size : 250 sheets/Pack

About Us

TechNova is one of the world's largest suppliers of print solutions. TechNova's innovative and world-class products cater to a wide range of industries, such as Commercial & Newspaper Printing, Publishing, Packaging, Signage, Photo, Textile, & Engineering.

TechNova's name is derived from the words "technology" and "innovation", and it is these two tenets that form TechNova's core mission. Globally recognised as a pioneer, TechNova has introduced several breakthrough technologies and innovative products that have transformed various print processes and created new markets.

With its wide distribution and logistics network in India, TechNova's products & services are used by every printer in the country. In addition to its leadership position in India, TechNova markets its products to over 60 countries through its international offices and distribution network.

Uniting all TechNova's businesses is its value system - a strict code of ethics, commitment to excellence, business conduct based on honesty, fairness & mutual trust, and a "Customer First" philosophy.

Highlights

- World's only manufacturer of full range of Digital Offset Plates : Violet, Thermal, UV, Inkjet & Laser
- India's largest manufacturer of Offset Plates & Printing Chemicals
- Products distributed to over 60 countries worldwide
- Widest portfolio of Digital Print Media for Inkjet & Laser printing
- 70% market share in India for each of its product groups
- IMS Certifications : ISO 9001:2015 for QMS; ISO 14001:2015 EMS and ISO 45001:2018 for OHS
- Winner of the prestigious GATF InterTech Technology Award
- Pioneer of the "Go Green" revolution in the Indian print industry
